2012 Summer Internship Program

Bergmann Associates is an award winning architectural and engineering firm with 10 offices located throughout the Eastern and Midwestern portions of the United States. We are actively recruiting energetic, career focused students to participate in the 10- week 2012 Summer Internship Program. Opportunities exist in our Civil Works, Transportation, Building, and Land Development business segments.

Our 10- week internship program offers outstanding benefits to Engineering and/or Architectural Students including:

- Competitive pay structure - \$16 per hour
- Valuable full-time work experience (40- hour work week)
- Project related field experience
- Consulting business classroom activities

Minimum Requirements:

- Completion of at least two years in an engineering or architectural undergraduate program
- GPA of 3.25 or higher
- Prior exposure to AutoCAD, and/or Microstation

How to apply:

Please include attachments of the following information:

1. Cover Letter
2. Submit a resume that includes your email address, permanent and school address and telephone numbers.
3. An unofficial transcript. An official transcript may be requested upon acceptance of the program.
4. Two letters of recommendation from a faculty member and/or supervisor.
5. One page essay discussing your:
 - Career goals
 - Technical and research interests
 - Reason for applying to the program
 - Expectations of the program

The intern selection process will be performed by a panel of Bergmann Associates' management team. A scoring system based on the five required documents received for the application process.
